WORK EXPERIENCE

Senior Design Associate (AVP) @ JPMorgan Chase

Dec 2024 - Present

- Designed enterprise onboarding systems, task lifecycle frameworks, account journeys, and documentation flows for compliance-heavy workplace platforms.
- Won the Workplace AI Awards hackathon by redesigning advisor prospecting workflows and improving visibility across prospect follow-ups.

Senior Product Designer @ Cuemath

Feb 2023 - Aug 2024

- Led product design across admissions, growth, retention, and learning journeys, moving fragmented flows into more cohesive lifecycle experiences.
- Built the digital admissions experience from the ground up, improving launch-month US admissions by 11% and payment-session conversion by 20%.

Founding Product Designer @ smallcase

Dec 2018 - Feb 2021

- Designed smallcase Gateway from 0-to-1, helping brokers and fintech platforms integrate stock and smallcase investing experiences.
- Helped the first release scale from 24 to 160 merchants in 4 months, supporting ~7 cr transaction volume, 99.8% uptime, and high merchant NPS.
